

ARUDHRA  
FLOATING DOCKS

BEST CAGE AQUACULTURE SOLUTIONS !

## About Us

Arudhra is the prominent manufacturers of floating docks/pontoons in India. Our floating docks are a true force to be reckoned with. We have been serving our customers with a mission of making time on the water better than ever. At Arudhra Aqua Suppliers, we take care to select only the most premium material so that your floating docks not only stands well but also looks fantastic.

Our product is manufactured with virgin high density polyethylene (HDPE) by giving UV treatment - therefore designed to withstand exposure to sunlight, water and other elements. With its anti-static, anti-corrosive properties and skid resistant surface, it makes an excellent and long lasting product.

## About Cage Aquaculture

Cage culture is an aquaculture production system where fishes are held in floating net cages in reservoirs, lakes and other large water bodies. Cage aquaculture involves the growing of fishes in existing water resources while being enclosed in a net cage which allows free flow of water. It is an aquaculture production system with a floating net to hold and culture large number of fishes.

## Our Strengths

- Complete cage culture solutions including installation and service
- In-house manufacturing facility
- Readily availability of stock
- Professional installation team
- Supply agreement with leading multi-national net manufacturers
- Certification from Government body

## Product Features

- 100 % Virgin HDPE
- Double layered
- Ultra Violet Treated (UV)
- Long life
- Environmental friendly
- Easy installation & Low maintenance
- Heavy duty plastic nuts and bolts, washers and centre pins
- Anti-Skid surface on pontoons
- Certified by Government bodies

## Product Specification

Size	Length	50 cms
	Width	50 cms
	Height	40 cms
Weight		7 kgs
Load capacity		350 kg/ sq.m.
Colours		Blue, Black, Grey and Yellow
Material		High density polyethylene
Quality		100 % virgin
Lifespan		10 years*, depending on the usage and site location condition

## Advantages Of Cage Aquaculture

- Small Investment
- Easy Maintenance
- Natural Resources can be used
- Lot of Schemes / Subsidies by the Government and Co-Operative Societies
